

ACCESS CONTROL AT ITS BEST
WWW.SAMS1.COM

PROTECT YOUR ACCESS

40 Years and more. Can you imagine how many generations of access control devices, systems and software one becomes an expert in over that much time? That is what makes SAMS the valuable resource it is today, particularly in newer tech including touchless access control.

With top shelf products, services and support and know how, SAMS is the first and last stop when you need to identify a true partner large enough to meet every requirement you need to address, yet small enough in scope to provide personal attention from technically savvy people in your neck of the woods.

Here's a quick sampling of our areas of expertise:

- **Office/Building Entry & Exit**
- **Corridor Traffic Control**
- **Secondary Exit**
- **Automated Employee Entrance**
- **High Security Access Control**
- **Visitor Access**

OUR PARTNERS

ALLEGION

Protect your assets and your bottom line. From **time and attendance to access control**, Allegion has a variety of products to improve the way you do business. Specializing in security around the door, we furnish **locks** (both mechanical and electrical), **door closers, exit devices, steel doors** and **frames**. We're also breaking new technological grounds with **biometrics, special surfaces, video surveillance, wireless connectivity, cloud technology** and other electronic safety solutions.

The IDENTIV logo is displayed in a bold, red, sans-serif font. It is overlaid on a background image showing a hand holding a white smart card near a door lock. The door lock has a smartphone docked in it. The background is a light blue and white color with a faint gear pattern.

OUR PARTNERS

BADGEPASS

BadgePass Access Manager offers customers a new perspective on **electronic door access**. Built by ID industry experts who understand the importance of streamlined card issuance and activation, this user-friendly software allows customers to not only manage door access privileges with ease, but also increase security through our **automatic badge activation** process. BadgePass Access Manager is more than just door access control – it is a part of our complete **credential management system**, allowing you to do more with your badge!
